Introduction to *Kansas Slot Machine Casino Gambling 2017*

Kansas slot machine casino gambling consists of nine casinos, of which four are state-run casinos and five are American Indian tribal casinos. A 10th casino, The Woodlands, is currently proposed and under review by the state.

The Kansas legislature approved charitable and social gaming in 1974, followed in 1978 by both pari-mutuel racetracks and a state lottery. All state licenses for pari-mutuel facilities in Kansas have since lapsed or been revoked.

In 1995, negotiations led to a state-tribal compact for the establishment of four American Indian tribal casinos. This quickly led to the state granting licensing for four non-tribal casinos.
