

# PS 145: Your Slots Adventure Live | New York Slots in 2021

## Opening

Hello! Today's episode #145 of the Professor Slots podcast discusses Your Slots Adventure. Plus, in this episode, I'll be covering the current state of slot machine casino gambling in the great U.S. state of New York.

Thank you for joining me for the Professor Slots podcast show. I'm Jon Friedl and this is the podcast about slot machine casino gambling. It is where I provide knowledge, insights, and tools for helping you improve your slot machine gambling performance.

## On Last Week's Episode...

In case you missed it, on my last episode I went over When to Walk Away from my weekly live stream Q&A session on YouTube. Further, I reviewed New Mexico slot machine casino gambling in 2021. I hope you enjoyed listening to my last episode as much as I enjoyed making it for you.

## Introduction

This is the next segment of the show on slot machine casino gambling. Here, I provide a brief overview of the current state of gambling in a U.S. state, territory, or the federal district emphasizing, by far, anything of interest to slot machine casino gamblers.

Up next is New York slot machine casino gambling in 2021. Here goes!

New York slot machine casino gambling consists of eleven tribal casinos, eight pari-mutuel racetracks with slot machines, four casino resorts, and two nearby Canadian casinos.

## Relevant Legal Statutes on Gambling in New York

The minimum legal gambling age in New York depends upon the gambling activity:

- Land-Based Casinos: 21/19/18
- Poker Rooms: 21
- Bingo: 18
- Lottery: 18
- Pari-Mutuel Wagering: 18

The legal gambling age is 21 for casinos owned by the Seneca Nation of Indians, but 18 for other casinos in New York. At Canadian casinos in the province of Ontario, the minimum legal gambling age is 19. For the province of Quebec, it's 18.

Until 1993, tribal casinos in the state of New York had only Class II bingo halls. That year, the St. Regis Mohawk Tribe negotiated a state-tribal compact for Class III Vegas-style slot machines.

As a result, all Class III tribal casinos have video lottery terminals (VLTs) controlled by the New York State Lottery. While these electronic games appear to be typical video slot machines, the results of a bet are instead determined off-site by a central lottery system.

## Slot Machine Private Ownership in New York

Next up is a usually short statement about slot machine private ownership, which I have included in case you live in this U.S. state and are considering owning a slot machine. Here it is: It is legal to own a slot machine in the state of New York privately if it is 30 years old or older.

## Gaming Control Board in New York

Created in 2012, the New York State Gaming Commission has merged from the New York State Division of Lottery and the New York State Racing and Wagering Board. This Commission regulates all aspects of gaming activity in the state of New York including charitable gaming.

## Casinos in New York

In this section, I'll discuss New York gambling establishments.

There are eleven tribal casinos, eight pari-mutuel racetracks with slot machines, and four casino resorts in the state of New York.

The largest casino in New York is Empire City Casino at Yonkers Raceway. The second-largest casino is Resorts World Casino New York City.

The State of New York has an extraordinary gaming industry because of the many types of casinos available to its residents. New York has tribal casinos with and without tribal compacts, casino resorts, racinos, cruise ships, and even readily accessible international casinos just across the border to Canada.

As usual when there are too many casinos to mention here, a complete list, along with a casino map, are on my webpage for this state at [professorslots.com/NY](http://professorslots.com/NY).

## Other Gambling Establishments

As an alternative to enjoying New York slot machine casino gambling, consider exploring casino options in a nearby state. Bordering New York is:

- North: The Canadian Provinces of Ontario and Quebec
- East: Connecticut, Massachusetts, and Vermont
- South and West: Pennsylvania and New Jersey

Canadian casinos are across the international border from the State of New York in the Niagara Falls region near Buffalo as well as in Montreal near upstate New York.

Otherwise, cruise ships with onboard casinos depart from the New York Manhattan Cruise Terminal for international destinations.

## Our New York Slots Community Facebook Group

Are you interested in sharing and learning with other slots enthusiasts in New York? If so, join our New York slots community on Facebook at [professorslots.com/FBNY](http://professorslots.com/FBNY). All you'll need is a Facebook profile to join this private Facebook Group freely.

There, you'll be able to privately share your slots experiences as well as chat with players about slots gambling in or near New York. Again, use this convenient link I've created to go directly to our Group on Facebook: [professorslots.com/FBNY](http://professorslots.com/FBNY). Join us!

## Payout Returns in New York

Each casino type in New York has its own gaming regulations, so theoretical payout limits and return statistics have several varieties. I'll review them.

- Class II competition-style gaming machines at tribal casinos are subject to the Indian Gaming Regulatory Act, a federal law, which does not set payout limits nor require public reporting of return statistics.
- Class III Vegas-style slot machines at tribal casinos are subject to tribal-state gaming compacts stating VLTs are controlled off-site by the New York State Lottery. These VLTs have a minimum theoretical payout limit of 92%. No return statistics are publicly available.
- Commercial casino resorts do not have theoretical payout limits. Return statistics are publicly available as weekly and monthly reports. See the *Commercial Gaming Reports* tab at the NY State Gaming Commission.
- Commercial racetracks with their video slot machines do not have theoretical payout limits. Return statistics are publicly available as weekly and monthly reports. See the *Video Gaming Reports* tab at the NY State Gaming Commission.

Regarding monthly return statistics for the commercial sites, player win percentage is available only after performing a simple calculation. Specifically, divide Credits Won by Credits Played and then multiply the result by 100% to get Player Win%.

The monthly Player Win% for July 2021 at each casino resort shows the highest return for a casino resort was at Tioga Downs with 91.6% while the lowest return was at Resorts World Catskills with 90.6%.

The monthly Player Win% for July 2021 at each commercial racetrack with slot machines shows the highest return for a pari-mutuel racino was at Nassau Downs OTB at Resorts World New York City with 97.3%. However, be aware this high return was only possible because Nassau Downs is spending zero promotional dollars including free play. The lowest return was at Vernon Downs with 91.6%.

## Summary of New York Slots in 2021

In summary, New York slot machine casino gambling consists of eleven tribal casinos, eight racinos, four casino resorts, multiple cruise ships sailing out of New York City to international destinations, and two nearby casinos across the border to Canada.

## Annual Progress in New York Slot Machine Casino Gambling

Over the last year, there has been little change in the slots gaming industry in the state of New York.

## On the Next Episode of Professor Slots

Part I of the next episode of the Professor Slots podcast will include a live stream Q&A session on YouTube.

Remember, my weekly Q&A session on YouTube is on Saturdays from Noon until 1 p.m. Eastern Time. Bring whatever slots questions you have, and I'll do my best to answer them.

An easy-to-remember link to my YouTube channel is [YouTube.com/ProfessorSlots](https://www.youtube.com/ProfessorSlots). Feel free to stop by anytime during my hour-long live Q&A session.

Part II of the next episode of the Professor Slots podcast is another brief overview of the current state of gambling in a U.S. state, territory, or the federal district. Next time, I'll be talking to you about the great U.S. state of North Carolina.

## Closing (closing music)

That's the end of another great episode of the Professor Slots podcast. Thanks so much for listening!
